

Comprehensive Language Solutions

align media provides you with a professional multilingual **project management team**. You can depend on us to efficiently manage your language needs, create transparent quotations, co-ordinate schedules and help simplify your language-related processes from start to finish. The following includes a detailed description of our offering.

- We manage **specialized translation** of documents covering a wide range of subjects, styles and file formats. We have spent many years cultivating a **broad base of expert translators** specialized in industry and technology (automotive, chemical, construction and more), legal (contracts, patents and more), training, cultural management, publishing and PR, business (business reports, corporate manuals, business plans and more), media (press releases, presentations, scripts, web sites and more), real estate (property assessments and more) and IT (quotations, user information, manuals, system descriptions and more). Each translator translates exclusively into his or her native language.

Our translation department is distinguished by its strong competence in assuring application of linguistic norms throughout the range of specialized topics. Based on extensive experience managing text for the above mentioned sectors, we have developed comprehensive and professionally maintained terminology databases for each of our clients thus supplying them with an important cornerstone for their **distinct and consistent lingual identities**.

- We develop customized **language training** concepts for our clients in accordance with their specific requirements. You can expect efficient foreign language training for individuals and company groups provided exclusively by academically trained **native speakers**. Training is provided on a flexible schedule either at your office or in our training facilities in Cologne's city center. In both courses and individual intensives, we provide trainers with highly specific areas of expertise. Therefore you will not only develop your foreign-language proficiency, but also acquire the skills you need to accomplish your specific goals.

You can expect excellent quality language solutions from align media.
